LAUSANNE CONFERENCE FAILS.

ONLY PARTIAL AGREEMENT.

BRITISH DELEGATION LEAVES.

LAUSANNE, February 4.

The Turkish reply sent to Earl Curzon, it is learned, states that the substance of questions of principle having been solved Ismet is prepared to sign the Treaty with certain reservations on secondary points. The Turks are ready to negotiate with Britain in regard to Mosul on a fixed date.

LATER.

The Turks are ready to initial about eighty per cent. of the clauses of the Treaty but wish to discuss others at a meeting with The Allied representative who are now assembling.

GREEKS AND KARAGATCH.

PARIS, February 4.

The *Petit Parisien* understands that the Greek representatives in Paris and London have intimated that in the event of the Turks declining to remove Karagatch Greece with recommence hostilities.

THE TURKISH REPLY.

LAUSANNE, February 4.

The Turkish reply expresses the conviction that th unanimity of views between the Allies and the Turkish delegation on fundamental points is sufficient for the establishment of peace. It declares that the Turks agree that great sacrifices are necessary for the preservation of peace. They accept the Western frontier as proposed by the Allies and in order to testify their goodwill do not insist on obtaining Karagatch and the railway thence to Kuleliburgas and Demotika. Briefly they renounce the frontiers of 1915. The Turks renounce their policy in regard to the closing of the Straits and agree to their demilitarisation. They surrender their claim to maintain a garrison at Gallipoli and agree that the cemeteries in the Anzac zone shall not be disturbed. They suggest that the future of Mosul should be decided between Britain and Turkey within a year.

ALLIES MAKE CONCESSIONS.

LATER.

M. Poincare has instructed M. Bompard to support the British and tell Ismet that the Allied concessions are final and must be accepted. It is understood that the concessions include the abandonment of the demand for the limitation of the Turkish forces in East Thrace, reduction of war damages from fifteen to twelve million pounds and renunciation of judicial capitulations but demanding the appointment of European judicial advisers in the reorganisation of the Turkish judiciary. There is no change as regards Mosul.

LATER.

The Turks refuse to sign the portion of the draft Treaty relating to capitulations on economic questions.

"NO SERIOUS OBSTACLE."

LAUSANNE, February 4.

The Turkish reply makes a reservation relative to the portion of the debt not yet divided and agrees that Germany and Austria should not be represented on financial economic organisations. Turkey takes the note as an "acceptance in principle of payment of a sufficient sum on account of reparation damages caused by Greek aggression" and finally says that fundamental questions constituting eighty per cent. of the whole treaty are solved and therefore there is no serious obstacle to the conclusion of peace. She proposes consequently the conclusion of a peace affixing signatures at the foot of essential questions whereon agreement has been reached, negotiations to continue by part of the delegations in regard to questions remaining in suspense. The reply adds that the Turks will only agree to these sacrifices on condition the peace is signed.

A FINAL EFFORT.

PARIS, February 4.

A message from Lausanne says that Earl Curzon has agreed to postpone the hour of his departure while M. Bompard has been charged by the heads of the Allied delegations to make a last approach to Ismet.

LAST MINUTE FAILURE.

LAUSANNE, February 4.

The conference failed at the last minute, Ismet refusing to make any concession on the question of judicial capitulations. Earl Curzon and other members of the British delegation left by the orient express after delaying their departure half an hour.

ISMET STILL WAITING.

LAUSANNE, February 5.

Ismet Pasha declares that he does not consider the conference ended and he is awaiting an official communication thereon. The principal French delegate M. Bompard, is remaining.

INTENSE DISAPPOINTMENT.

LAUSANNE, February 4.

There is intense disappointment at the last moment of the failure of the conference after two and a half months' negotiations. The French, Italian and American representatives made a supreme effort to move Ismet Pasha but found him adamant towards the terms as regards a judicial regime, affording guarantees to foreigners and economic questions. It appears that Ismet accepted Earl Curzon's offer at a final discussion that provided for the league of nations for Mosul to be retained in the Treaty and that the League investigation should be delayed a year conditionally on the *status quo* being maintained and Kirkuk not disturbed.

RUHR OCCUPATION.

APPEAL TO AMERICA.

CONGRESS INVITED TO "SAVE THE WORLD."

BERLIN, February 4.

The *Vorwaerts* publishes an appeal from German trade unions to the American Congress declaring on behalf of twelve million members of trade unions that they are firmly convinced that America did not enter the war for the purpose of annihilating the German people and they look to America's sense of honour to save Europe and the world from disaster.

PARIS, February 4.

Messages from Duesseldorf state that the French troops have withdrawn from Dortmund but French customs officials remain on the boundary. The occupied zone continues at East Dortmund officially. The town is still occupied.

Le Journal understands that prohibition of the export of all industrial products from the Ruhr will be announced.

BERLIN, February 4.

A message from Offenburg (Baden) states that French cavalry entered the town at nine in the morning and occupied the railway station, post office, barracks and railway bridge. French troops also occupied the railway station at Appenweier in Baden.

MINERS' ATTITUDE UNCERTAIN.

ESSEN, February 4.

According to a French official statement Bergrorn in the British zone has been occupied with British consent by the French in pursuance of the policy of tightening up the control of the prohibited import and export of coal bye products like benzol and ammonia.

The attitude of the miners continues uncertain except regarding their emphatic objection to the presence of troops in the mines.

The miners organisation a fortnight ago obtained a seventy seven per cent increase in wages and are now demanding a further addition on the ground of the cost of living.

"GERMANY'S GRAVEDIGGER!"

VIENNA, February 4.

General Ludendorff had a very hostile reception on his arrival at Klagenfurt to address a Nationalist meeting. Hundreds of workmen surrounded his motor car shouting "Murderer," "Bloodhound," "Traitor" and "Germany's Grave-digger." The demonstrations continued till late at night.

COAL YIELD DIMINISHING.

PARIS, February 5.

Work on the mines of the Ruhr continues but the yield is diminishing and the coal held up by the closure measures is accumulating at the sidings.

It is stated that the occupation of Offenburg and Appenweier occurred in order to prevent interference with the Orient-Paris-Prague expresses.

RUBBER POSITION.

AMERICA AND RESTRICTION.

WASHINGTON, Febuary 4.

Mr. Hoover, Secretary of Commerce has sent a letter to Senator McCormick endorsing the proposal to introduce legislation authorising thorough Government investigation of rubber-producing possibilities in tropical America and the Philippines.

The foregoing is the sequel to conferences between Mr. Hoover and representatives of British producers and American manufacturers. It is stated that the British explained the situation leading up to the restriction of output and undertook through their Association to prevent "runaway prices" henceforth with the consequent over-production which the Americans feared would result in loss to themselves.

HONOLULU TIDAL WAVE.

JAPANESE FISHERMEN DROWNED.

HONOLULU, February 4.

A message from Hilo states that several Japanese fishermen are believed to have been drowned by a tidal wave which struck Honolulu yesterday. The wave reached a height of fifteen feet, demolished several boats and swept a cottage from its foundations.

PUBLIC ADMINISTRATION.

THE IDEAL CIVIL SERVICE.

NEED FOR REAL EDUCATION.

In his inaugural address to the new Institute of Public Administration, Lord Haldane discussed the bearing of education on the administration of public business. After speaking of the place of the public official under the British Constitution, Lord Haldane said that this new body, over which he had the honour to preside, was not a mere trade union organization brought into existence to further the interests of a class. It was a society formed on the basis of rendering fresh service to the public, by bringing to bear study which implied expert knowledge, and demonstrating not only how the result could be applied, but the necessity for doing so. The primary purpose was a scientific one.

"What" (he continued) "does an ideal Civil Service demand? Its function is to provide the permanent element to which the Ministers responsible for the departments can turn for advice, and to carry into effect the policy so settled. It provides the factors necessary for continuity in administration by Cabinets which change periodically. It is obvious that it is of the greatest importance to the well-being of the State that the organization of the Civil Service should be of the highest excellence attainable. Economy, by the avoidance of overlapping and waste, depends on it. Efficiency will be proportioned to its knowledge, its moral qualities, and its general excellence. These qualities must therefore be sought after in the first instance, and the Civil servants must keep them set before their eyes.

"The Civil Service must, therefore, if it is to succeed in its aims, avoid the narrowness which has been too often characteristic of a mere union outlook. Indeed, to avoid this narrowness in outlook has been your object in forming this new organization. The real purpose must be the defined one of rendering the highest amount practicable of service to the State, and service of the highest quality. But this is not so easy a principle to carry out as it looks. It implies distinction between individuals based on capacity and selection for fitness. Now there comes in at this point the two difficult questions of entrance to the Service and of promotion in it. The vast majority of men and women feel that they have the right to be treated on a footing of complete equality with their neighbours. This is so far an absolutely true view. But then the question comes in what this right of equal opportunity means. It does not mean the equal title of the unfit with the fit to be given employment which is only suited for the fit. The Service exists for the public and not the public for the Service. If a man or a woman is not as well qualified as others for a particular post, no title to that post ought to be based on any abstract notion of equality. But then the task of discriminating becomes a very delicate one. Take entrance to the Civil Service. For the most part this depends on the result of an examination. I have had to give much consideration to the value of the pure examination test in connection with the general subject of education. I have come to the conclusion that the pure examination test is far from being a perfect one. Success may result from qualities which neither import the more thorough kind of knowledge nor guarantee fitness for the kind of employment sought after. But everything is relative in this finite world, and the examination test, even as it is, is surely much better than selection by the personal influence and wire-pulling which has too often constituted the only avenue in the old days. A more perfect test still would be one based not only on answers to questions put by examiners who had had no opportunity of watching the candidate in his career at school or college and so getting the measure of his personality. Selection based on full record would be more reliable. Such a test we are in course of slowly substituting in schools and universities as that of real education. By degrees I think we shall come to it, as Lord Cromer sought to do in the case of the Egyptian Civil Service, in our home Service also. But until such a system has been evolved we are at least much better off with the external examination than we used to be under the unreformed system.

"The Service ought to be a highly educated one, and this can only be so if those who come into it are sufficiently educated. The width of mind and the larger outlook which real education brings are wanted in few domains more than here. But there are those who, while possessing great natural aptitude, have unfortunately been unable to obtain such an education. They come into the Service in the lower ranks, and yet, by study and the self-development of their individualities, they may become very fit to occupy higher posts. For this sort of case provision will have to be made in the future. Such exceptional minds ought to have chances of being put to full use by the State. Otherwise not only will much valuable service be lost to it, but there will be a sense of injustice at a barrier created by what is after all due to the accidents of birth and circumstance. With a more fully developed educational system throughout the open try this problem ought to shrink in its dimensions.

Education, even of the widest type, cannot guarantee the habit of mind of which I speak, but it can render its prevalence increasingly probable. The education question in its most extended sense is, therefore, vital. It does not mean more capacity to pass examinations. It means rather life in an atmosphere where knowledge has shown itself because of its the complication of human affairs and of human nature, nothing is sufficient that is not of the best quality.

SLEEPING SICKNESS.

POSSIBLE CURE FOUND.

Sleeping-sickness—the real sleeping-sickness of the Tropics, not the rare, influenza-like, home visitation of the last few years—is steadily getting a larger and larger hold on Tropical Africa as this country is opened up to civilisation and is one of the greatest impediments to successful colonisation, writes the medical correspondent of the *Daily News* in mail week. The delightful islands on the great Nyanza lakes have been depopulated by it, and something like half the native population of Entebbe harbour the little parasites in their blood.

The disease is transmitted to man by the bite of a horrible little fly, called in native dialect tsetse, which lays not eggs but live grubs.

For years the great chemical works of Germany, before the war were seeking to build up some compound which, on injection into the blood, should kill the worm and not the man. Atoxyl came nearest to doing so, but there was unpleasantly little margin between the helpful and the fatal dose. Trypan-blue and trypan-red came nearer, and for four years the Hamburg Tropical Institute has been working with a compound called Bayer 205, which is providentially 160 times more poisonous to the trypanosome than to the human tissues.

An account is given in the *Lancet* of nine cases of sleeping-sickness treated with Bayer 205 at the London Hospital for Tropical Diseases. Seven were apparently cured, even to the extent of getting back their mental activity unimpaired. One in which the brain was already very severely affected, died in spite of the treatment. The remaining case was from Rhodesia, where the disease seems to be of a slightly different kind.

The drug will probably make life much safer in the African tropics.

LURE OF INDIA.

CIVIL SERVANT'S POSITION.

The problem of the Indian Civil Service is the subject of a leader in *The Times* in connection with the first of two articles contributed on the subject by Mr. Montagu.

The paper agrees with him in saying that immediate and exhaustive enquiry is called for, regardless of the controversy and perhaps exacerbation of feeling which it may evoke. The paper points out that the problem is really twofold, as it affects the existing members of the Service and future conditions under the new regime; and thinks that the present active members, unquestionably, have ground for soreness and complaint. To explains how their financial situation has become very difficult, while the Reform Scheme has necessarily affected their prospects.

The whole question, in the paper's opinion, smacks suspiciously of something akin to bad faith and it considers that some authoritative guarantee should be given beyond the somewhat vague assurance of the ex-Secretary of State that the annuities and pensions of the Civil Service will be absolutely secure, and the reference made in Lord Reading's speech on the subject in Calcutta on December 28.

In connexion with the conditions for governing future British appointments *The Times* suggests a commission of inquiry composed of Britons and Indians, and thinks that when these fundamental questions have been settled, the lure of India will again attract capable and adventurous young men.

"TRUTH, JUSTICE, PUBLIC SERVICE"

HONGKONG, MONDAY, FEB. 5, 1923.

WHY NOT?

Compared with some cities Hongkong is only a child, a precocious child perhaps, but one still with many things to learn, many faults to correct, and many trials to overcome. However, born shortly after the advent of the industrial era, Hongkong has had its full share of one of cityhood's most unpleasant concomitants — labour trouble. Indeed, the succession of disputes the Colony has seen, especially during the last few years, has produced among some people here a feeling akin to fatalism. Not only do they expect countless more disputes, but they also consider strikes inevitable. Even the more thoughtful among them, recognising that changing conditions make differences almost certain, yet think open conflict the rule and peaceful settlement the exception. Recent local history gives them examples aplenty, the most notable being, of course, the seamen's strike which was playing havoc with the Colony's life this time last year. Now this attitude is not merely mistaken; it is sometimes mischievous. Public opinion is equally potent for evil as it is for good. And when public opinion expects strikes almost invariably labour disputes will fulfill expectations and duly develop into strikes. Various reasons explain this—the most obvious is the encouragement the supported side derives to take extreme action. Simply because changing conditions are bound to raise differences it obviously does not follow that amicable settlement is impossible, or even improbable. Admittedly, Labour's demands are frequently unreasonable, frequently fantastic. But often Labour has claims which undoubtedly need answering, grievances which undoubtedly need adjusting. Even those who most denounced the seamen's tactics last year admitted that wages obviously required some revision, though opinions differed concerning what increases should be granted. Generally, then, since both sides usually follow the Oriental practice of framing their terms with ample margin, the employees demanding more than they are prepared to accept and the employers offering less than they are really eventually prepared to grant, it follows that almost every dispute, apart from the very few where one side is wholly unreasonable, provides room for bargaining. Now this bargaining need not, as many people think, necessarily end in deadlock. Given independent outside mediation it can bring speedy and lasting settlement. The untiring efforts of the Secretary for Chinese Affairs have more than once shown that. These efforts, however, must entail heavy extra burden for Mr. Hallifax, already busy directing one of the Colony's biggest departments. Now that he has proved most the Colony's labour disputes can be settled, given patience and forbearance, surely the Government will consider the wisdom of establishing arbitration machinery. This would not only remove much onerous work from a busy official but would also allow the administration to disassociate itself from purely industrial disputes and thus remove any possible suggestion of "interference" which might conceivably influence Labour's attitude, making it reluctant to accept mediation. The matter is quite important enough to justify the appointment of one of those commissions which have recently been doing such good work for the community.

LOCAL AND GENERAL.

At Happy Valley yesterday, a coolie was struck on the left side of his head by a golf ball with such force that he had to be removed to the Government Civil Hospital.

The total output of the Kailan Mining Administration's mines for the week ending January 20, 1923, amounted to 98,123 tons and the sales during the period to 68,577 tons.

The Japan papers announce the engagement of Miss Margaret Maitland, eldest daughter of Mr. and Mrs. E. W. Maitland, of Yokohama, and Mr. H. E. Adams, at present in Tokyo. The wedding will probably take place in the latter part of this month.

Mr. A. el Arculli, solicitor, writes to correct a statement in our report of the funeral of the late Mr. Leo Longinotto to the effect that he was the deceased gentleman's partner. Mr. Arculli says: "the deceased was sole owner of his practice and had no partners."

Owing to the necessity for making repairs to the machinery, the Peak Tramway service will be suspended after the 10 p.m., car on Saturday next (Feb. 10) until the 7 a.m., car on Monday (Feb. 12). Simultaneously, the Hongkong Hotel Company will run a service of buses during the interval, from the Hotel to the Peak Church.

Mr. Oswald White, H. M. Consul at Nagasaki, is going Home on leave, and in company with Mrs. White and children will travel by the "Atsuta Maru" sailing from Moji on February 6. Mr. R. The Pacific Mail s.s. "President Wilson" which arrived in port yesterday, brought some interesting American visitors to Hongkong. She had on board a delegation of 120 Shriners of the San Francisco Shrine, who have been making a pilgrimage to Honolulu, Japan and China. The visitors were out sightseeing in town last night, and leave for Manila to-day.

Two distinguished ministers of the English Presbyterian Church—the Rev. Dr. Macgregor of Wimbledon, a past-Moderator of the Assembly, and the Rev. Dr. Maclagan, General Secretary of the Denomination—who will arrive in the Colony this week, will preach at the Union Church next Sunday. Dr. Macgregor will address the congregation in the morning and Dr. Maclagan in the evening. They have been visiting the Presbyterian missions at Swatow, Amoy and Formosa, and are now on their way home.

What the police think is a suspicious report has been made by an unemployed seaman of Woosung Street, Yaumati. He said that yesterday evening, he was handed $3,000 by a friend in Ko Shing Street to redeem his debts and pay his marriage expenses. (Arriving in Yaumati by the ferry at 9.45 p.m. he walked to the Canton Road crossing. He alleges that five men came up, one striking him two blows on the face while another seized his throat. The others went through his pockets, and relieved him of $3,000. His explanation for not following the gang up was that he was too dazed by the blows.

ST. PAUL'S GIRLS' SCHOOL.

DISTRIBUTION OF PRIZES.

In the auditorium of the Chinese Y.M.C.A., on Saturday afternoon, Mrs. Grace, wife of Commodore H. E. Grace R.N., distributed the awards at the annual prizegiving of St. Paul's Girls' School. She was supported by the Bishop of Victoria, the Bishop of Victoria, the Headmistress (Miss Woo) and the Rev. Cheung. There was a large gathering of parents and friends of the students present.

The report of the Headmistress stated:

The 8th year's work of this school was a year which was marked by no small blessing. At our last annual prize-giving the Chairman in the course of his speech remarked: "St. Paul's Girl's School is like a child who has outgrown her clothes." Indeed we have outgrown our clothes. Our last school-building had a floor space for 290 pupils only, and on account of this limitation of space we had to refuse a great number of pupils. After the Summer vacation we were fortunate enough to find better premises at 74, Caine Road, which has better light, air and surroundings, and the rooms of which are more adapted for class rooms. It would be perfect if there were a bigger hall and a larger piece of play-ground. The enrolment for 1922 was 320 as against 250 in the previous year, showing an increase of 70 pupils. Special attention was paid to the subjects that were considered weak, and it was gratifying to see the improvement in the examination results. It is the hope of the school to raise its standard year by year. Change of staff is always a hindrance to the progress of a school. We are thankful for not having been greatly affected in this respect; yet we felt the loss of the assistance of Miss Miall and Miss Mitchell who left the Colony last Summer. Their places were respectively filled by Mrs. Russel and Mrs. Carr who are both very conscientious workers. We dislike to think that we shall lose Mrs. Miles who is leaving for England in a few days' time. She has been most successful in her undertakings, and her work is greatly appreciated by the girls and myself. We wish her *bon voyage*. Another person whom we feel to be indispensable, is likely to leave us next term: I refer to Miss Pitts.

We are fortunate in having Miss May Gittens back with us after she has been spent many months in America. It is no exaggeration to say that she is a priceless Kindergarten teacher. Miss Lo Sinn Hing, a new teacher, has been very satisfactory. We hope to add to our staff next term three new teachers—Mr. Chan Hon Ping Miss Fok and Miss Chu.

I want to make a special mention here of what the Chinese Y.M.C.A. is doing for us. We wish to extend our warmest thanks to the Board of Directors for allowing us to use the Gymnasium once a week, and particularly to the Physical Director, Mr. Dome, for teaching the girls Group Games and Indian Clubs, which afford them many hours of joy and diversion from their studies. The lack of a play-ground is keenly felt by the School, and I sincerely hope that the Board of Directors will permit us to use the Gymnasium more than once a week, seeing that their daughters' physical training is as important as that of their sons. . . . There is one other thing that is worthy of mention, namely the opening of a Half-Holiday's Free School for *Mui Tsai* whom the girls teach on Wednesday and Saturday afternoons. This as well as the Summer Vacation School is managed entirely by the girls. The religious work of the School is also very encouraging. After Mrs. Eddies' meetings, as many as one hundred have joined Bible Classes, and twenty are now being prepared for baptism. We would consider the School a failure if we did not endeavour to give the girls Light, and lead them to the Truth.

The Bishop in the course of a short address congratulated the school on the progress which had been made since its inauguration eight years ago. The Headmistress had told him that in the course of its career the School must have educated at least 2,000 girls. When Miss Woo took over the position of headmistress, just over six and a half years ago, there were about fifty pupils; to-day there were 300, and they had a teaching staff of twenty-seven. From these figures the very great progress that the school had made could be easily seen. The Bishop congratulated them also on getting into their new buildings; they were certainly a great improvement on the old ones. He wished to commend them also on the practical work they had done, such for instance as the establishment of a school for *Mui Tsai*. He also wished to congratulate them on the very great progress they had made in physical training. They had had to face great difficulties, as the only shade they had to train was one half-hour every week in the Y. M. C. A. Then, again, there was no playground attached to the school, and he hoped that at some early date something would be done to remedy this. Not long ago he was talking to a doctor about the conditions of health in Hongkong, and the large amount of typhus and consumption there was in the Colony. As a result of this chat he felt sure that schools of this sort were a very valuable asset from the point of view of public health. In conclusion, he wished to thank Mrs. Grace for her kindness in distributing the prizes. He could assure them that in everything which affected the well-being of the school, morally, intellectually, and physically, they had the sympathy of Mrs. Grace.

Mrs. Grace briefly replied, and thanked them for their kindness in asking her to make the distributions that day.

ROBBERS BUSY.

WEEK-END CRIME.

Two armed-robberies took place during the week-end and despite the increased vigilance of the Police, the robbers in both instances got away with good sized hauls.

On Saturday night, at about 10 p.m. several men entered a leather shop in Lower Lascar Row by following a *fuki* from a branch who had gone in to hand over the takings. As they had paid a deposit of $2 during the day on a bargain they were not suspected. Adopting the usual *modus operandi* of threatening the inmates with arms, and gagging them, they stole between $300 and $400.

Early yesterday morning, a tenement flat at No. 28 Praya East was entered. After silencing the inmates, the gang took away property worth $1,000 and share certificates to the value of $3,000. The alarm was given some time after the robbers had escaped.

The Yik Tai firm of 9, Queen's Street, second floor, was visited at 3 p.m. on Saturday. Shortly after a man had entered to inquire about a house in Kowloon City for which the firm are agents, five robbers armed with revolvers and daggers held up the staff. A safe was opened and $7,600 in notes and $200 worth of jewellery were stolen.

GOLF.

GOVERNOR'S SHIELD.

WIN FOR UNIVERSITY.

The final of the Governor's shield was played at Fanling, yesterday. The finalists were Messrs. C. Middleton-Smith and F. A. Redmond, representing the University and Messrs. J. L. Crockatt and J. M. Walker, representing the Chartered Bank of India, Australia and China. It was a very close game, the University winning the match by two up and one to play.

At the conclusion of the match His Excellency the Governor (Sir R. E. Stubbs, K.C.M.G.) presented the shield to the winners and congratulated them on their success.

INTERPORT TRIAL.

Another interport trial match was played on Saturday with the following results:

A. B. Stewart (6 & 5) beat G. S. Archbutt.

B. D. Crawford-Morgan (6 & 5) beat T. W. Hill.

R. Melville Smith (2 & 1) beat A. K. Mackenzie.

H. U. Ireland (4 & 3) beat W. Galloway.

E. J. R. Mitchell and J. E. Warner, all square.

W. W. Mackenzie (1 & 2) beat Capt. Bloxham.

Mr. Stewart was in splendid form, his score for the round being 74, which is 5 under bogey.

BILLIARDS.

FLEET CHAMPIONSHIP.

FINAL TO-DAY.

Play in the annual tourney for the billiards championship of the China Squadron and the Fleet Cup, has attracted considerable interest among Naval men during the past month, and some fine games have been witnessed in the preliminary rounds just completed. The final match will be played in the Chief Petty Officers' Club (H.M. Dockyard) to-day. H.M.S. Titania's team are the holders of the Cup, and again this year the Titania has got two teams into the final. There were seven teams entered, the Hawkins and Titania each entering two teams.

The Titania's teams for to-day will be as follows:

Titania "A":—W. Oldham, C.E.A., S. Parks, C. Wtr., W. Young, Sgt. R.M.L.I., B. Briggs, P.O., C. Davies, P.O. and G. Hubbard, Shpt.

Titania "B":—W. Pearson, Shpt., T. Petty, E.R.A., T. Ball, E.R.A., A. Collins, P.O., H. Houghton, O.A., and C. Levine, P.O.

STRIKE SETTLED.

OLD CLOTHES MEN'S DISPUTE.

The second-hand clothes workers who struck for better conditions and higher wages on January 26 have reached an agreement with their employers, through the mediation of the Secretary for Chinese Affairs. As the present is the best time of the year for the trade, being the end of the Chinese year, a serious loss to the shops has been averted.

The terms of settlement are as follows:—

Double pay to be given to all who have remained at work during the strike. The strikers will be given usual pay covering the period for which they have been on strike.

An increase of sixteen per cent is granted to all employees on the basis of their rate of pay on the 2nd day of the first moon next year.

All workmen must resume work before the 20th day of the twelfth moon (the 5th inst.) otherwise they will not be entitled to the benefits resulting from the first term.

Workmen who have resigned and been duly paid are considered as having entirely severed connection with their employers and to them the terms do not apply.

There are to be four additional holidays during the year, namely the first, second and third days of Chinese New Year and 18th day of the sixth moon. Excepting for these holidays the old conditions as to holidays are to be in force.

THE A—MAH.

CHILD'S PRIMER OF THINGS CHINESE.

LESSON XXI.

Behold her, Child. In Trous-er-ins
And bag-gy Coat, here's One, I ween
All too fam-il-i-ar to your Eyes;—
And who oc-cas-ions no Sur-prise.
From far Si-am to Yo-ko-ha-ma,
De-nun-ci-a-tion of the A-mah
Comes, fraught with An-i-mos-ity.
A-rous-ing Cu-ri-os-i-ty.
To un-der-stand why such A buse
Is show'r'd on One whom all must use.
'Tis true that, in your child-ish Head,
She puts I-deas were best un-said.
Has taught you Words that out-ward rush
And make your har-den'd Fa-ther blush!
When af-ter You she fails to look,
She starts to "mix it" with the Cook.
That She's a Gos-sip. Broad cast-ing,
Com-par'd with her is no new Thing.
But, hath She, then, no Vir-tues, Child,
This an-ci-ent Dame of As pect mild?
Who answers all the Front-door Knocks?
Who sits up late to darn the Socks?
Who fre-quent-ly must play the Cook
And eke the House-boy? Over-look
The Work for which these two are paid?
Who is your Moth-er's "Lad-y's Maid?"
Who, more than She, 'twixt me and you,
Is blam'd for Things she does not do?
Who work-eth hard, both Night and Day
Re-ceiv-ing ver-y lit-tle Pay?
My Child, the Goat of Is-rael old.
Who was sent forth, so we are told,
To stag-ger through the Wild-er-ness
Be-neath such Sins as they'd confess,
Bore no such Burd-en, waud-er-ing,
As doth the A-mah. Her, I sing!

A LEGACY OF THE WAR.

SIR:

Owing to severe hardships while on active service, my health suffered seriously. Even after leaving the service, I did not pick up at all, and I never seemed to be well. Then, two years ago, my health broke down completely and I had to give up work. I was in hospital for a time, and also went to a convalescent home; this no doubt benefited me, but I was soon as bad as ever.

My nerves seemed all to pieces, and my head was in a constant whirl. Acute pain seized me after every meal, and at times nothing would stay on my stomach. The doctors said I was suffering from nervous debility and indigestion.

I took bottle after bottle of medicine, but got no better, and I lost hope of ever being well again. Then I read in a newspaper about Dr. Williams' pink pills, and decided to try them. About the second or third week after commencing the pills I felt a bit brighter, and could keep most of my food down. I continued with the pills, and got better and better. My nerves became steady, and the depression and weakness left me. I was soon completely cured, and able to start work again. Dr. Williams' pink pills have made a new man of me; in fact, I consider they saved my life.

I am, yours faithfully,

W. H. PROCTER,

1 Cross Dawlish Grove, East End Park, Leeds.

NOTE.—Readers of this paper who wish to obtain the same remedy as has marvellously restored Mr. Procter to health can do so from their own chemist, as Dr. Williams' pink pills are sold by medicine vendors everywhere throughout the civilised world.

RESTRICTED COVENANT.

EMPLOYEE SUED FOR $20,000.

ACTION BY CALDBECK MACGREGOR AND CO.

A case the decision in which will be of considerable interest to everyone employed under an agreement which contains a restricted covenant came before his Honour Judge Grain at H. M. Supreme Court Shanghai, last week. Plaintiffs, Messrs. Caldbeck, Macgregor and Co., are suing Mr. Robert Brydon Wood upon the following claim:

(1) An injunction to restrain the defendant from carrying on or being concerned or interested in, in any capacity whatsoever, the business of a distiller or manufacturer of aerated waters in China for a period of 10 years from August 31, 1922, in accordance with an agreement dated June 8, 1921.

(2) Damages for breach of said agreement, $20,000.

Mr. M. Reader Harris appeared for for plaintiffs and Mr. R. N. Macleod for defendant.

Mr. Macleod asked for an order for pleadings.

In opposing this application, Mr. Reader Harris said the action was one to restrain defendant from breaking a clause in his agreement with plaintiffs, or in the alternative, damages. The facts of the case were simple, merely that defendant applied for permission to do so, permission was refused, and he then joined Watson's Mineral Water Co. The point in the case would be legal argument as to whether that clause was good or bad. If it was good, plaintiffs were entitled to an injunction or damages. Law as to restricted covenants was always very difficult to decide, and in its present state counsel was not going to pretend that anybody could advise definitely as to whether a clause was good or bad. He had advised his clients to proceed with the case, but it would have been going far to advise them to apply for an interim injunction, for in that case defendant would lose his employment with Watson's and, in the event of a ruling in his favour, might be entitled to heavy damages. At the same time plaintiffs were suffering damages for every day defendant remained in the employ of Watson's, and counsel therefore asked that the case be set down for early trial upon his undertaking to provide defendant with particulars within 24 hours.

Mr. Macleod replied that he did not mind a speedy trial, but he saw no reason why plaintiffs should not file a statement of claim within 24 hours. It was a little difficult to see from the writ exactly what claim plaintiffs were going to make out, and the burden was upon them to show that the covenant was reasonable. The agreement was a very peculiar one.

Upon looking at the agreement, his Lordship said he thought defendant was entitled to pleadings, and ordered that a statement of claim be filed in three days and statement of defence in three days.

SCOUTCRAFT.

DISPLAY BY "KADOORIE" SCOUTS.

The members of the 6'h Hongkong (Ellis Kadoorie School) Troop of Boy Scouts gave an interesting concert and display in the Great Hall of Queen's College on Saturday evening. A very large audience of Chinese with a sprinkling of Europeans thoroughly enjoyed the entertainment which was of a high order and reflected much credit on the Scouts and their leaders.

A boxing match was the most popular item on the programme and the boxers—two Chinese boys—were well applauded for their fine display in true British spirit. Swedish drill, a first aid display and signalling were also included in the programme, and in all these the boys exhibited a degree of efficiency which proved an agreeable surprise to the Europeans present. English songs were also given and the programme closed with an amusing Chinese sketch.

CHANGSHA TO CANTON.

TRIO'S LONG TRIP.

Messrs. John G. F. Speidel, William Rice Cooper, Stanley Woodard, members of the faculty of Yale in China, and Rev. Clarence H. Homer of the American Church Mission, and Mr. Gordon L. Burke, American Vice Consul at Changsha were to start on the overland trip from Changsha to Canton on February 3.

This party will cross the Hunan-Kwangtung border near Ichang, Hunan, and will proceed to Shuichow, which is the northern terminus of the incompleted Canton-Hankow Railway. The trip from Shuichow to Canton will be made by train.

They are expecting to make the round trip in one month.

BIG MORPHIA HAUL.

THREE JAPANESE CHARGED.

O. Hirayama, Y. Fujita, and A. Watanabe, three Japanese were charged at the Magistracy to-day with being in possession of from fifty to sixty pounds of morphia. Mr. T. G. Bennett appeared for the second defendant and Mr. A. E. Hall defended the third; the first defendant was not legally represented. The case was formally remanded for a week, the first defendant being allowed bail of $10,000 the second $250 and the third $20,000 in three sureties of $5,000 with $5,000 cash.

Fujita who is believed to be only acting for the other two was arrested at the Kowloon Godowns on Saturday afternoon when taking delivery of the two cases in which the drug was contained. The cases were shipped from Marseilles by an N.Y.K. boat and the import permit bore a false name. It is said that the morphia was concealed between blankets in the cases. Hirayama and Watanabe are alleged to be the principals and to have come down from Shanghai to take delivery of the drug, both of them being arrested on information from the second defendant. Hirayama was found in a house in Nathan Road and Watanabe in Ship Street.

Thirteen other cases were found in Yaumati but they are said to contain boracic acid. The Analyst has not had time to make full investigations as yet.

RUGBY.

NAVY BEATS CLUB.

A 20-0 VICTORY.

The Club could not do anything against a strong Navy pack on Saturday and were soundly beaten to the tune of 20 points to nil. The Club had the advantage in the first half when the Navy kicked off against the sun, but faulty handling of the ball by their backs discounted this advantage. The Sailors were let in more than once by the Club backs' mistake and each time the attackers turned it to their advantage.

The Club forwards played as good a game as one could wish to see and gave the Navy many anxious moments, but the defenders who were playing a very sound game, always managed to be at the right spot during the most critical moments, and robbed their opponents in the nick of time.

INTERPORT RUGBY

DISAPPOINTMENTS FOR SHANGHAI.

The last few days have brought sad tidings to all followers of local Rugby football, says the *N.-C. Daily News*. A letter was received from Hongkong stating their inability to raise a side to visit us at China New Year, and this was immediately followed by a telegram from Hankow to the same effect. In the case of Hankow, a counter invitation has been extended to Shanghai to send a side to Hankow, but in view of the expense to be faced in sending a side to fulfil our fixture against Tientsin at that port during the Easter holidays, it is doubtful whether a representative side can be sent to Hankow. The matter is at present under consideration and a definite statement will be made in the course of the next few days.

It would appear that Shanghai is particularly unfortunate in the matter of Home interport matches, as we have had no visiting side here since the South Wales Borderers from Tientsin in the spring of 1914, although repeated invitations have been issued to Hongkong, Japan, Hankow and Tientsin. There is just a possibility that Hongkong may send up a Services side later in the season but this at present is on the knees of the gods.

The Kowloon Residents' Association is to hold its annual meeting in St. Andrew's Church Hall on Monday, February 12, at 6 p.m. All Kowloon residents are cordially invited to attend.

The offices and stations of the Chinese Maritime Customs will be closed on February 12 (Republic Commemoration Day) and from February 16 to 19 inclusive (Chinese New Year holidays).

At the service of the community Church, Shanghai, on January 28, it was announced that the Governing Board under authorization from the annual meeting had extended a call to the Rev. Clifford Merrill Drury, of Berkeley, California, to become pastor of the Church. Mr. Drury is at present assistant pastor of the First Presbyterian Church of Berkeley.

CANTON NEWS.

FIGHTING NEAR EAST RIVER.

(From Our Own Correspondent.)

CANTON, February 4.

Strenuous efforts are still being made to secure General Ngai Bong-ping's release but he is still in captivity. It now appears that the object is to keep him under restraint as long as possible just to prevent him re-entering the political arena.

There is nothing of importance to report regarding Canton. If everything continues as at present the feeling of uneasiness will wear off, the people resigning themselves to rule by any faction provided they are not interfered with.

A clash between a detachment of Kwangsi troops belonging to General Shum Hung-ying's command and some other Kwangsi troops under the pro-Sun leader Lau Tsun-wan, who has fraternised with some of the natives, ended in Shum's adherents being routed. Lau moved his body of soldiers to the East River after the coup against Ngai to keep out of the way. Apparently, Shum's troops also wanted control of the area which is about the half-way stage of the Kowloon-Canton-Railway. No action on any scale was fought but a number of skirmishes took place covering a considerable period. It is feared that the trouble will spread to other parts, especially Shekhing, one of the richest prizes.

GILBERT AND SULLIVAN COMPANY.

MISS PATTI RUSSELL.

Miss Patti Russell, one of the *prima donnas*, with the J. C. Williamson, Ltd., Gilbert and Sullivan Opera Company which opens here on February 10 with "The Gondoliers," was born in Sydney, N.S.W. Her first public appearance was at the early age of seven. Although she loved singing, her parents decided that there was more scope for her talent in painting, drawing, etc., in which she was so engrossed for the next seven years that the delightful voice, which has charmed Calcutta, Rangoon and Singapore, during the past few weeks, was entirely forgotten. Whilst playing an accompaniment she sang a few bars and her parents immediately realised the attractiveness of her voice. They decided to "put her through her paces" and engaged a tutor.

Miss Russell later won the N.S.W. State Scholarship, being thereby entitled not only to the study of Singing, but the Piano, Languages, Elocution, etc., at the Conservatorium of N.S.W. It was here she completed her musical education and launched out as a Concert Artist appearing as a Soprano Soloist with all the leading Societies of Australia; Philharmonic, Sydney Choral Society; Verbrugghen Orchestra, Lady Northcote Permanent Orchestra and Municipal Concerts of Melbourne.

Miss Russell was next engaged by the Rigo Grand Opera Company as Prima Donna; this was the opportunity of a life-time, as she was quite young—the youngest "Marguerite" in "Faust" in fact ever seen in Australia.

The next contract she fulfilled was Prima Donna for the J. C. Williamson Grand Opera Company, some of the roles she filled being "Marguerite" in "Faust," "Mimi" in "La Boheme," "Antonia" in "Tales of Hoffman," "Micaela" in "Carmen" and "Nedda" in "Pagliacci." When this Company was disbanded, she was re-engaged to play "lead" in all the Gilbert and Sullivan Operas in four Australia and New Zealand.

TURNED TURTLE.

RIVER BOAT FOUNDERS.

THIRTY TWO DROWNED.

The s.s. "Shunshing," a river steamer owned by the Po On S. S. Coy., of No. 24, Queen's Street, on the regular run between Hongkong and Kwong Chow Wan, met with disaster on her last trip from Kwong Chow Wan, when she turned turtle and foundered, taking thirty-two people down with her.

The details of the disaster were brought to Hongkong last night with the arrival of her survivors—twenty-eight men, out of a total of 60 souls which the vessel had on board when she left Kwong Chow Wan. Amongst them was the vessel's Chinese skipper (Capt. Chan Kam), his Chinese mate, about a score of other Chinese members of the crew, and six pig tenders.

According to one of the survivors a *China Mail* reporter spoke to this morning, the "Shunshing" left Kwong Chow Wan in fine weather on the afternoon of January 29. The disaster occurred soon after 9 a.m., on the 30th when the vessel was a few miles off Sampui. A strong gale suddenly rose, and the sea was soon mountainous. The "Shunshing" faced the gale bravely for a while, and then a big wave swept over her. She shook from stem to stern under its weight and listed badly to port. It was obvious to those on board that the vessel was doomed, as the water was pouring in in great torrents over her side, and soon the engineroom was flooded and the fire extinguished.

Arrangements to lower her two boats on the starboard side were feverishly made, and the boats pushed off from the vessel just in time, for half-a minute afterwards she capsized completely, and plunged stern downwards into the depths of the sea, taking down with her those who had not been able to get away in time, and her cargo of several hundred pigs. The two boats containing the survivors drifted for several hours, constantly in danger until the wind abated as suddenly as it had sprung up, when they were sighted by the s.s. "Chow Wah" and rescued. They were taken to Kwong Chow Wan, and eventually brought back to Hongkong by the "Kanying-fat."

CALCUTTA SWEEP.

NOW RESTRICTED TO MEMBERS.

A new arrangement has been made this year by the Royal Calcutta Turf Club in connection with their Derby Sweep. A plan has been adopted which it is claimed will restrict participation in the sweep largely to members of the Club.

Under the new scheme no tickets will be used. Club members wishing to take part will be allotted a number. Non-members who may through a member of the Club secure participation will not therefore be given any tangible proof of their share.

The new method, it is expected, will tend to eliminate the widespread sale of tickets which made the sweep one of the greatest in the world and certainly the greatest in the British Empire.

They Make You Feel Good. The pleasant purgative effect experienced after taking Chamberlain's Tablets and the healthy condition of body and mind to which they contribute, makes one feel that living is worth while. For sale by all Chemists and Storekeepers.

PIRATES BAFFLED.

"ON LEE'S" ESCAPE.

On enquiry on board the s.s. "On Lee" this morning, a *China Mail* reporter was informed that there was no truth in the rumour that a piracy was attempted on the ship during her last trip to Kongmoon, and that two pirates were shot dead.

Pirates were seen ashore about two and a half miles from Kongmoon, but no shots were fired by either side. The "On Lee" was unable to cross the bar owing to the low tide, and was compelled to anchor in midstream. Presently hordes of pirates, armed to the teeth, made their appearance ashore. They were observed to be making preparations to come out to the ship in their "slipper" boats and the "On Lee's" passengers became panicky. They began to throw cargo overboard in an attempt to make the ship lighter and enable her to clear the bar. Order was restored by the European officers threatening to put the passengers ashore if they continued their wild behaviour.

Armed guards were quickly posted on the various parts of the ship ready to offer resistance if the pirates came. The anchor was hauled up and the vessel steamed up and down the stretch of the river in full view of the pirates, and the obvious preparedness of those on board kept the pirates off. Luckily, the tide rose before dusk set in, and the "On Lee" was able to clear the bar without incident.

"MUST BE STOPPED."

MAGISTRATE AND ARMS SMUGGLING.

A Chinese passenger by the "President Jackson," said to have spent forty years in America was defended by Mr. J. M. Hall at the Magistracy this morning, the charge being possession of one revolver and 100 rounds of ammunition.

In pleading guilty, Mr. Hall said that his client intended to bring the arms to his native village and did not know it was unlawful to bring them into the Colony.

His Worship drew attention to the notices in English and Chinese posted conspicuously on the steamers and said that smuggling must be stopped even if the passengers were *bona fide* because the arms might get into wrong hands.

A fine of $250 or three months was imposed.

Another Chinese passenger by the same ship charged with possession of seven rounds of ammunition was fined $25.

Don't Cough. It is absurd to allow a cough to hang on and sap your vitality when Chamberlain's Cough Remedy will cure you. You don't know where a persistent cough will land you. A Famous Doctor says:

"After long experience of Hall's Wine I still continue to prescribe it, and have never failed to obtain benefit in all cases."

Hall's Wine is a scientific preparation—the prescription of a Member of the Royal College of Surgeons, London, England, and it has been steadily growing in popular favour for over a quarter of a century—the period it has been before the public. Each day brings new evidence—every post adds to the countless letters on our files in praise of Hall's Wine.

Doctors recommend Hall's Wine for building up the system against Climatic Dangers, Exhaustion, Nerve Trouble, and the ill-effects of Overwork.

Hall's Wine

THE SUPREME TONIC RESTORATIVE

Striking testimony from Doctors

Exhaustion: "In cases of mental and physical exhaustion, I know of nothing better than Hall's Wine."

Nerves: "I have found Hall's Wine particularly efficacious in general weakness."

Overwork: "Please send me six bottles of Hall's Wine to my private residence. I have been 'overdoing' it and find Hall's Wine an excellent tonic."

Hall's Wine is obtainable from all first-class Chemists, Wine Merchants, Stores Co., Ltd., and Wing On Co., Ltd.

THE FRENCH NOTE TO ANGORA.

LAUSANNE, February 3rd.

M. Poincare has instructed M. Bompard to support the British, and to tell Ismet Pasha that the Allied concessions are final, and must be accepted.

It is understood that the concessions include the abandonment of the demand for the limitation of Turkish forces in East Thrace, a reduction of war damages from £15,000,000 to £12,000,000 and the renunciation of the Judical Capitulations, but demanding the appointment of European judical advisers in the reorganisation of the Turkish Judiciary. There is no change as regards Mosul.

LAUSANNE, February 3rd.

There is every reason to believe that a Turko-American treaty of amity and commerce will be concluded at Lausanne if the treaty with the Allies is signed, but not otherwise.

LITHUANIAN DISPUTE.

PARIS, February 3rd.

The talk of the Lithuanian delegates of recourse to arms evoked stern warnings as to possible intervention by the League of Nations from Mr. Balfour and Signor Viviani (Italian Delegate) at a public sitting of the Council of the League, which approved of the provisional demarcation line for neutral zones between Poland and Lithuania, as recommended by the League's investigator. Orders have been issued to Poland and Lithuania to disarm and dissolve the bands of irregulars who are infesting the district.

The Polish delegate accepted the League's orders, but the Lithuanian delegate declined, declaring that Lithuania insisted on a return to the Sukalki line, as accepted by both countries before the Zeligowski *coup d'etat*. He added that Lithuania would resist to the utmost the occupation of territory now allotted to Poland.

KOVNO, February 2nd.

The Lithuanian Government has refused to comply with the ultimatum of the Ambassadors' Conference, mentioned in a cable message dated January 31st.

DEBT FUNDING.

WASHINGTON, January 3rd.

Under the Anglo-American debt funding scheme, the parties have agreed with regard to the balance of 4,604,000,000 dollars due December 15th. Four millions of this amount will be paid in cash, and British bonds will be issued for the balance. The principal will be repayable in annual instalments, but with the option of triennial payments. The first instalment will be $23,000,000 and instalments will increase progressively to the sixty-second year, when the amount will be $175,000,000. The interest will be payable half yearly, beginning at 3 per cent. up to 1932, and 3½ per cent. thereafter. Half of the interest, during the first five years, may be added to the principal and bonds issued for the amount. Payments may be made in United States Government Bonds issued since April 17th or in war-time issues; this will allow Great Britain to purchase American Bonds at the most opportune times. It is believed that this will sustain the price of American Bonds and simultaneously stabilize Anglo-American exchange.

LONDON, February 3rd.

Interviewed on his return from his holiday in Spain, Mr. Lloyd George said that in his opinion the debt funding terms would not only impose a heavy burden on Great Britain, but would diminish American markets all over the world.

WASHINGTON, February 3rd.

The American Debt Funding Commission and Sir Auckland Geddes have finally agreed as regards the British debt. It is declared at White House that President Harding considers the terms acceptable from every point of view and that they should be endorsed by Congress during the present session.

LONDON, February 3rd.

The question of Allied debts to Great Britain is attracting renewed interest in consequence of the Anglo-American debt settlement.

A weighty article in the *Observer*, apparently representing an important body of responsible opinion, points out that Mr. Bonar Law's offer at the December conference to rescind the Balfour note, on condition that France met British views on the Ruhr question, automatically lapsed. Great Britain is therefore still committed to the principle of exacting a minimum of payment from her Allies equivalent to Great Britain's debt to America. It is shown that the British debt to America was incurred on behalf of the Allies. Great Britain is not demanding the French and Italian contribution to that debt; but the Allies' direct debts to Great Britain, which amount is nearly two billions sterling, are a different matter. Surprise is expressed at the assumption in some British quarters that the French and Italian debts are not going to be paid. The *Observer* believes that when funding operations between the Allies and ourselves are begun, as they ought to soon, it will be found that Great Britain is prepared to make generous terms.

LONDON, February 3rd.

Mr. Baldwin at Birmingham said that the settlement of the momentous question of the debt to America was a necessary prelude to the settlement of European questions, and Great Britain's action was an inspiration for the countries which had up to the present made no effort to pay their debts. It was unthinkable that Great Britain should default in the greatest financial transaction in the history of the world, which had been carried out with honesty and expediency going hand in hand, as was not always done.

PEKING POLITICS.

PEKING, February 3.

A Mandate, issued last night, appointed Huang Fu acting Foreign Minister and accepted Mr. Alfred Sze's resignation. Huang Fu is at present director of the financial conference, and he was at one time financial adviser at the Washington Conference, hence it is considered his advice will be useful in the present financial difficulties to the Government.

Owing to General Chin Yun Ao dissolving the Railwaymen's Union Headquarters at Cheng Chow, railwaymen on the Peking-Hankow railway struck this morning. No trains are running from Peking to the South.

The Government has wired to Chin Yun Ao ordering him not to interfere with the workmen's headquarters, hence it is expected that the strike will speedily be over.

Tsai Cheng Hsun, the Tuli of Kiangsi, has wired urging the Government to appoint Shen Hung Ying to the post of Tuli of Kwangtung.

DUPLICATE CHINESE BONDS.

PEKING, February 4.

Semi-official statements in the newspapers state that the Ministry of Finance has protested against the detention by the Yokohama Specie Bank of a portion of the Salt surplus for the last two months for the declared purpose of meeting coupons of the 1913 Reorganisation Loan. The Ministry affirms that the coupons in possession of the bank are advance bonds which should have been replaced by actual bonds, but the outbreak of the war prevented the Russian bankers withdrawing the advance bonds, while the actual bonds were retained at the Petrograd Treasury pending better exchange conditions. Subsequently the formal loan bonds came into the possession of the Bolsheviks who attempted to dispose of them in the London and Paris markets, but both governments entered a *caveat*. Now, somehow or other, duplicates have come into the hands of the Yokohama Specie Bank. These coupons are said to amount to £127,585, but the Bank is detaining two million dollars.

The Ministry of Finance points out that as the advance bonds issued by the Russo-Asiatic Bank were not withdrawn, the Chinese Government would have to pay twice for the same bond if compelled to honour the interest coupons of duplicate bonds held by the bank. Moreover, anticipating the possible appearance of such bonds, the Chinese Government informed the Reorganisation Loan Banks at the end of 1921 that unless certain formalities were complied with the Loan Bonds in question would not be honoured by the bank. However it pleads that it has not received sufficient notice.

SATURDAY'S CRICKET.

I.R.C. SUCCESSES.

Playing on their own ground on Saturday Civil Service overwhelmed C.R.C. in a first league match. The visitors enjoyed first knock, but could do little against the well-varied bowling, Sayer getting 5 wickets for 36. Civil Service made 162 for 8 wickets, Sutherland giving them a good start by an innings characteristic of his pre-war form. He made 60, including 2 sixes and 10 fours. Sayer was responsible for 38.

At Sookunpoo, the Indian first eleven accounted for the Craigengower in a senior division match, thus taking second place in the League Table. They batted first and made 154 off 48 overs, S. H. Ismail and J. S. Curreem being the principal contributors with 40 and 38 not out respectively. Fortunately their bowlers were in form and won the match by dismissing Craigengower for 114, Arculli taking 6 wickets for 37. After a fair start, the visitors' side collapsed.

A feature of the Police v. I.R.C. 2nd XI. league match at Happy Valley was the keen fielding shown, especially by the Indians. The Police won the toss and sent the visitors in on an easy wicket, a decision which turned out to be fatal. By very steady batting, D. and H. D. Rumjahn put on 50 for the first wicket the latter staying in for nearly an hour for his 33. Several of the other batsmen made double figures, the innings being declared at 154, (including 21 extras) covering 47 overs. R. Earnshaw, one of the change bowlers took 4 wickets in 3 overs for 12 runs. The Police innings did not start till 4.45 and the game could have been saved. Alexander & Watts opened well but a rot set in, the side being all out for 75. H. D. Rumjahn had the excellent average of 8 for 38. This win practically assures the Indians of the junior league championship. The University have still to be reckoned with as they have only dropped three points but their remaining fixtures are formidable. By losing, the Police have ruined their chances.

Kowloon 2nd XI. did well to play the R.E. to a draw in a heavy scoring match. The Sappers declared at 197 for 8 wickets, several batsmen making good scores. The Kowloon batting was very steady 170 runs being hit up for 9 wickets when stumps were drawn. By failing to beat Kowloon, the Sappers have practically lost what small chance they had of winning the league.

Another match in which the batsmen mastered the bowlers was seen at Pokfulum, the University entertaining the H.K.C.C. in a "friendly." Batting first, the Club declared with 208 for 7 wickets, Davies being top-scorer with 66 not out; Farthing was next with 54 runs. The University succeeded in drawing the match, six men being out for 110 when time was called.

The R.G.A. v. Kowloon "friendly" at Happy Valley was noteworthy for individual efforts. Out of the Gunners' score of 67, Chester was responsible for 42. Capt. Spinks and Evans bowled unchanged for Kowloon and for once found the wickets to their liking Spinks taking 6 wickets for 39 and Evans 4 for 25. They then opened Kowloon's innings, and knocked off the runs required, both retiring with the score at 80.

On the Club ground, the H.K.C.C. second string beat a weak University junior eleven by 108 runs, the feature of the match being H. W. Roger's 117 retired. Young and Dorkins each took three Varsity wickets for 14 and 16 runs respectively, the latter taking his wickets with the first, second and fourth balls of his second over.

Appended are the detailed results, home teams given first:—

COMPANY MEETING.

THE BANK OF EAST ASIA, LTD.

The fourth ordinary yearly meeting of the Bank of East Asia, Ltd., was held on Saturday afternoon, the 3rd instant, at its registered office, No. 10 Des Vœux Central.

Mr. Pong Wai Ting presided, and there were present the Hon. Mr. Chow Shou Son, Messrs. Li Koon Chun, Wong Yun Tong, Mok Chibg Kong, Fung Ping Shan, P. K. Kwok, Chan Ching Shek, Ng Chang Luk (Directors), Kan Tong Po (Chief Manager), Li Tse Fong (Assistant Manager) and many shareholders.

The Chief Manager having read the notice convening the meeting

The Chairman said:—Gentlemen,—As the report and statement of accounts have been in your hands for some time I will follow the usual procedure and, with your permission, take them as read. You will notice that the Bank's business has gained further improvement in 1922 especially in regard to deposit building. Although the general earnings were not so substantial as those of the preceding year, yet, considering the depressed condition of trade as well as the political and social disturbances that have made the year 1922 an unusually bad one, the result obtained is considered very satisfactory. Apart from the 6 per cent. dividend as stipulated in the Articles of Association the Directors have decided to pay a bonus of 2 per cent. on each share of the Company and to add to be Reserve Fund $300,000, bringing the total up to $500,000, which I hope will have the whole hearted support of the shareholders. The safe deposit boxes installed near the middle of the year have afforded exceptional facilities for the safe keeping of valuable documents and jewellery, and I am glad to say they are finding good favour with the community. I now formally propose the adoption of the report and accounts and shall be glad if some one will second the motion.

The motion was unanimously carried on being seconded by Mr. Chow Tung Sang.

The retiring auditors, Messrs. Percy Smith, Seth & Fleming, were re-elected on the motion of Mr. Kwok Siu Lau seconded by Mr. Mok Ching Kong.

A "BAD HAT."

STOLE FATHER'S MONEY.

A Chinese boy, described by Inspector Blackman as a "bad hat" and said by his father to be savage to the extreme, refusing work, pestering for money, threatening to take his parent's life, ready to go to jail and disclaiming his family, was charged with stealing $5.50 from his father, the master of a barber-shop, 161 Queen's Road East, at the Magistracy to-day.

He was caught red handed by his mother who reported him to her husband, who in turn notified the police "after consultation with a friend." Defendant denied the charge but was sentenced to three months' in jail.

JOCKEY CLUB RACES.

OVER 1,000 ENTRIES

The entries for the Jockey Club Races at the end of this month, which have just closed, numbered over 1,000. This figure has set up a new record, easily beating last year's total which was the previous high water mark in the history of local racing. For the Derby there are 33 entries, which may be increased if some late entries which were overlooked by the owners are accepted.

The merits of the various ponies are already being keenly discussed and the pick of the Derby candidates so far, seem to be Mr. G. H. Pott's Harvest King. Mr. Hector Sassoon's Roman Standard and Sir Paul's Peerless Dahlia.

DURBAN v. HAWKINS.

This shield match was played on the Navy "A" ground. The "Hawkins" were without a couple of their regular players, while the "Durban" fielded the strongest team possible, and had the assistance of Hector. Darlison drew first blood for the "Durban," but the "Hawkins" went down immediately afterwards, and during a *melee* in front of goal, King was penalised for jumping and the "Hawkins" equalised. After this the "Durban" had the biggest share of the rest of the game and scored twice more without reply. The first was from a penalty kick by Darlison, and the other by Miller from a good pass by Watkins.

R.G.A. v. POLICE.

This match resulted in an easy win for the Gunners by 6 goals to one, due largely to hasty and faulty shooting by the Police who had many good openings. Their only goal was scored by Valentine after a fine individual effort. Swan played his usual game, but his backs left too much to him.

KOWLOON v. AMBROSE.

Kowloon just managed to win by one goal to *nil*. By mutual agreement both the shield and league ties were at stake in this match, and the result has caused the Ambrose to lose their position in the league. Clemo scored in the first half, and although the sailors had the best of the exchanges after this, they could not find the net.

KING'S v. SOUTH CHINA.

The Chinese put up a stiff fight against the King's and played them to a draw of one goal all. Extra time was ordered, but the teams were so evenly matched that the scores remained unchanged after an extra ten minutes had been played each way. A replay between these teams should be interesting to watch.

R.G.A. RES. v. MARAZION.

Marazion were expected to win this junior shield match in view of their victory in the league match, but the Gunners reversed their league defeat and won by 3 goals to two after a hard tussle. The Gunners' winning goal was from a penalty kick by Hicks. Moxworthy was the pivot of the Gunners' attack and was responsible for the two earlier goals.

CHINESE B. v. KOWLOON RES.

This was a fast game which was evenly contested in the first half with the score sheet blank. The Chinese asserted themselves in the second half, and out running their opponents, gave the goalie a busy time. They found the net three times before the final whistle. Kowloon could not reply.

KING'S v. ST. JOSEPH'S.

The St. Josephians were the first to attack but failed to score. The Soldiers took up the offensive after this and scored twice in the first half. P. Xavier broke the Collegians' duck early in the second moiety, but they could not get through again. Moore added the King's third goal towards the close.

HAWKINS v. TITANIA.

This was a hard fought game, the Flagship winning by the odd goal in 3. Hawkins scored twice in the first half without reply. Titania contested every minutes of play in the second half and had slightly the better of the exchanges, but were able to score only once.

TAMAR v. CLUB.

The Club were not up to their usual strength in this match and went down by the odd goal in 3. Play opened in favour of the Club and May scored early in the game. The Sailors' defence improved after this and they could not get dangerous again. At the other end, the Sailors broke through the defence twice and beat McPhail each time.

The French mail, the M. M. s.s. "Angers," arrived on Saturday bringing seven Sisters for duty at the Home for the Aged and Blind at Kowloon, including several who have seen service in tropical climates in India and elsewhere.

The view has been taken that it would have been better to put the tical to Is.8d, at one step and get the trouble over, says the *Bangkok Times*. But it has to be borne in mind that this would have meant greater chaos in the import trade, and still louder complaints of the increased cost of living.

The charge for a separate room at the European hospital, Kuala Lumpur, is $10 a day or for a bed in a general ward $6 a day. A deposit of $70 or $42 is required on entering according to the accommodation provided. The fee for minor operations varies from $25 to $100 and for major operations from $50 to $350.

Dr. B. H. Stanley Aylward, who has been in practice in Yokohama for two and a half years, has just gone to Shanghai to join Dr. H. C. Patrick. Dr. Aylward, who is an Edinburgh M.B., comes of a medical family, his father and brother being medical practitioners. During the war, he served in France with a surgical unit, having 10 surgeons working under him.

The annual military expenditure of the F.M.S. as proposed for this year was $1,075,000 and the Retrenchment Commission has urged that this be reduced by discontinuing the services of a Garrison Regiment in Taiping, and, in the event of war breaking out asking for an Indian Regiment to be sent to Singapore. A saving of about $618,000 per annum is estimated by such a step.

A reception was held on January 22 at the Europe Hotel, Singapore by M. André Danjou, the French Consul, and many of the French residents of Singapore, in honour of M. Outrey, the Deputy for Cochin-China in the French Chamber, and four other Deputies, who had arrived in the afternoon by the M. M. steamer "Angers" en route on a mission of inspection to French Indo-China.

On return from his holiday in France last week, the Rev. Bro. Aimar, ex-Director of the St. Joseph's Institution at Singapore, broke his passage and stayed there for a few days, leaving by the P. & O. "Morea" for Hongkong, where he is to be Director of the Christian Brothers' School, a position he held two years ago, but had to relinquish and go to Singapore to relieve the Rev. Bro. Stephen on his transfer to Kuala Lumpur.

Superstitious Parisians view with concern the appearance in the grounds of the President Millerand's palace in the Elysées of a crow reputed to be 150 years old and a harbinger of misfortune to France.

FRANCE AND GERMANY.

PARIS, February 3rd.

It is stated that the arrangements for the closing of the Ruhr have worked perfectly, and yesterday all trains to the east were stopped. Advices from Essen state that the postmen have resumed.

PARIS, February 3rd.

The first German note sent to the Reparations Commission, since the occupation of the Ruhr, protests against the refusal to grant a moratorium and the application for a normal rate of payments. It urges the commission to make a new estimate of Germany's capacity.

BERLIN, February 3rd.

Advices from Coblence state that the French have arrested Herr Fuchs, Oberpraesident of the Rhine Provinces.

LONDON, February 3rd.

While the French newspapers continue to refer optimistically to the relaxation of thestension on the Ruhr and to speak of the Germans freely co-operating with the French and also to prophesy that traffic will be restored to normal within a few days, German journals intimate that anti-French feeling is hardening throughout the country, quoting as an instance the refusal of the Head Quarters of the Reichswehr at Munich, to talk to the French and Belgian members of the Control Commission, who were seeking to carry out an inspection.

It is learned in London that the Germans, yesterday, stopped the Paris-Bucarest and Paris-Prague expresses, on the ground of shortage of coal. The French retaliated by suspending the passenger traffic on the Karlsruhe and Basle lines, with the exception of the Holland and Swiss expresses.

COLOGNE, February 3rd.

A fierce agitation has resulted from the recent order forbidding German policemen to salute Franco-Belgian officers. A policeman at Bocham has been arrested and horsewhipped for failing to salute.

The French are confiscating the contents of the shops for refusing to serve French and Belgians.

BRUSSELS, February 3rd.

Two Belgian soldiers boarded an Oberhausen-Essen tram-car and the refusal of the conductor to accept their passes led to an altercation, in which the passengers joined. The angry crowd attempted to eject the soldiers, who, in self defence used their arms, killing the conductor and wounding a passenger.

COLOGNE, February 3rd.

The Customs Inspector at Duisburg is being indicted for High Treason by the German Supreme Court, for handing over his books and documents to the Belgians.

BERLIN, February 3rd.

Semi-official rumours to the effect that the Germans are preparing to yield to French pressure are untrue; on the contrary the Government's resistance is increasing.

PARIS, February 3rd.

The Inter-Allied Commission has suspended four Coblence newspapers for a period of three days, for a refusal to print a communication when ordered to do so.

PARIS, February 3rd.

M. Hj Branting (Prime Minister of Sweden) raised the reparations question at a private session of the Council of the League of Nations, but it is not likely that a statement will be issued.

PARIS, February 3rd.

The Council of the League of Nations has adjourned until April, without discussing the reparations question, of which they were unofficially apprised.

Mr. Branting interviewed by Reuter's said that the secret session of the League of Nations Council, at which he raised the subject of reparations, considered that the pursuit of the question would be premature and inadmissible until the Governments concerned had enlisted the League's assistance.

PARIS, February 3rd.

Great Britain, in abstaining from the reparations decision resolved to maintain her decision to refuse a moratorium, and will insist on the enforcement of the schedule of payments fixed last year, regarding cash and wood.

PARIS, February 3rd.

Though the Chamber of Deputies recently adopted the Budget, it has not succeeded in balancing revenue and expenditure, and the Finance Commission of the Senate has now refused to examine the Budget before the Chamber has succeeded in balancing it. The sub-committee recently appointed on the matter, by the Chamber's Finance Commission, has decided to submit to the bankers and financiers a scheme whereby taxation officials are empowered to enter banks in order to examine accounts. The sub-committee will, subsequently, with the Minister of Finance, investigate further methods of reducing expenditure and creating fresh taxation resources to replace the twenty per cent. general increase in taxation, which has been dropped. Thereafter, an attempt will be made to draft a bill for presentation to the Chamber.

LONDON, February 3rd.

Foreign exchanges made good recoveries, closing with French francs 75.55, Belgian 80.05, Lire 97⅞, marks 173,000, to 176,000, and sterling 4.67⅞.

LATER.

Foreign exchanges have substantially recovered and closed with French francs at 73.05, Belgian 82.75, Lire 97, marks 168,000 to 173,000, sterling 4.67⅞.

LONDON, February 3rd.

The situation inside the Ruhr is becoming somewhat better, owing to the German renunciation of the past programme of "bitter end" resistance, rather than admit a partial success of French improvisations and repressions. Impartial observers feel, however, that the position is rapidly reaching an *impasse* in which both countries will be glad to come to terms. France is not likely to make overtures, but it is improbable that she will look askance at German proposals. The German Government is somewhat helpless however, in this matter, and the key of the position is held by the industrial magnates.

Mr. Lloyd George, asked his opinion as regards the Ruhr, on his return to London, said he was of the opinion that France will suffer heavily owing to her occupation of that region. He strongly dissented from the idea of the withdrawal of British troops from the occupied area.

BERLIN, February 3rd.

The Government has presented a Note to France strongly protesting against the coal blockade of unoccupied Germany, repudiating the French contention that Germany has committed a breach of the Peace Treaty, and declaring that the reason for the blockade is the failure of France's first act of violence namely) the occupation of the Ruhr, which is driving France to commit fresh acts of injustice. The French and Polish diplomatic representatives at Berlin handed to the German Foreign Office, a Note protesting against the restriction of international train services between France and Poland, as a violation of the Peace Treaty.

EMPIRE WIRELESS.

LONDON, February 3rd.

Regarding the prospect of an early announcement of Government policy on the subject of the provision of Empire wireless services, the *Observer* understands that the Imperial Communication Committee, which is considering the subject, will present its report to the Cabinet during the coming week. The *Observer* forecasts that the committee will favour the open door for private enterprise, and the opinion is expressed that if the Government accept this policy, there is an assured prospect of the Empire being equipped with an adequate wireless system.

ORGANISED SABOTAGE IN IRELAND.

LONDON, February 3rd.

The Rebel campaign of arson and destruction, in reprisal for the Free State executions, reached its height during the past week, and included the destruction of the residences of two Senators and a number of other prominent Free State personages, the burning of two main line trains, the destruction of the Cavan and Leitrim railway locomotive works, and also Youghal's water supply.

The situation is so serious that members of the Republican army who left the force when the Anglo-Irish treaty was signed, and have not participated in the Civil War, have convoked a national convention for to-morrow, with a view to making peace. The latest utterances of De Valera and Mr. O'Higgins (Minister for Home Affairs) do not suggest that the effort will be successful. De Valera, interviewed in his hiding-place, emphasised his intention of continuing the rebellion, stating that in his opinion the Free State was doomed. Mr. O'Higgins to-day retorted that De Valera was like his compatriot Don Quixote, tilting at windmills, and the Government would take the grimmest decisions if organised sabotage continued.

RUBBER PRODUCTION.

The increase is to date from February 1st.

'ROMANCE."

A CHARMING FILM.

A charming atmosphere of lavender and old lace clings to "Romance" in which Miss Doris Keane makes her bow to local kinema goers at the Coronet to-day. Upon the stage she originated the part of Madame Cavallini, the fascinating prima donna with whom the young clergyman falls desperately in love, and in the film version she plays the role with the warmth of feeling and sympathy which has stamped her as one of the greatest emotional actresses of the day.

A prologue to the main story introduces a young man of to-day who has made up his mind to marry an actress and comes to ask the consent of his uncle, who is the Bishop of New York. When the older man tries to dissuade him, the youth accuses him of having forgotten what it is to be young and eagerly in love. At that the Bishop leans back in his armchair by the fireside, puts the tips of his fingers together and relates the wonderful story of his romance, forty years earlier, with the famous Opera singer Cavallini which constitutes the picture. At the end of the recital of this age-stained romance the young man still insists upon marrying the girl of his choice and the Bishop moved to sympathy by the pathetic recollection of his own experience finally gives his consent.

Notice is given that the Governor-in-Council purposes to make in order for the altering of that portion of Queen's Road East opposite houses Nos. 105-117, so as to exclude from such road so much as is not required to provide a width of 60 feet measured from the present northern boundary line of the said road.

The cases of Thomas M. Knight v. Emma N. Knight, a petition in divorce, and an application to change her name by a well-known lady resident, were heard by his Honour Judge Lobingier at the U. S. Court for China last week. Press representatives were asked to refrain from publishing details of either case.
